#ASEFYLS
The ASEF Young Leaders Summit (#ASEFYS) is for young thinkers and doers to question and explore how the entrepreneurial vein can trigger and nourish job-creation, mobility and social cohesion in Asia and Europe.

ASEFYS is also an experiential space where fresh minds and influential leaders from both regions meet. Constructive dialogue, hands-on skills development and a Call for Action addressed to the ASEM Foreign Ministers are the core elements of the Programme.

ASEFYLS emerged from the request by young citizens and ASEM Head of States and Governments for a closer interaction and exchange of perspectives on pressing societal issues in both regions. Now is your moment to shape this connection!

At ASEFYLS you will:

Meet leaders from governments, business, academia and intergovernmental organisations

Collaborate in a highly intercultural environment and link the dots between entrepreneurship and youth employment across 5 sectors: governments, corporations, education, startups and social enterprises

Gain and develop skills required for your academic, professional and personal life

Be able to meet and share your solutions and questions with the ASEM Leaders
