ABOUT ARC5

The ASEM Rectors’ Conference and Students’ Forum (ARC) is recognised as an Official Dialogue Partner of the ASEM Education Ministers’ Meeting (ASEM ME).

The 1st ASEM Rectors’ Conference (ARC1) took place in 2008 in response to the ASEM Education Ministers’ Meeting (ASEM ME) launched in the same year. Since then, ARC has been held biennially in Asia and Europe alternatively. As a high-level platform for inter-regional dialogue, the past editions of ARC have brought together hundreds of Asian and European university leaders for solution-oriented discussions on emerging higher education issues concerning both regions.

Another unique feature of ARC is the Students’ Forum as its integral part. At the 3rd ASEM Education Ministers’ Meeting, the Education Ministers recognised the need to strengthen the involvement of students in the ASEM Education Process. In response, ASEF launched the Students’ Forum back-to-back with the 3rd ASEM Rectors’ Conference in 2012 in Groningen, the Netherlands.

The Students’ Forum takes place in conjunction with the Rectors’ Conference under the same theme. The Forum brings forth student-proposed solutions to emerging challenges facing higher education in Asia and Europe. Reflecting the diversity of 51 ASEM member countries, the Forum engages university students from Asia and Europe in a cross-cultural dialogue. Sharing good practices and exchanging ideas, the students are given the opportunity to influence the further direction of higher education in Asia and Europe. Selected student-representatives will present the results of their discussions face-to-face to the Rectors.

The 5th ASEM Rectors’ Conference and Students’ Forum (ARC5) delivers Policy Recommendations directly to the 6th ASEM Education Ministers’ Meeting (ASEM ME6) to be held in 2017 in Korea.

The ASEM Rectors’ Conference and Students’ Forum (ARC) is one of the initial commitments to the Global Action Programme on Education for Sustainable Development (ESD) which is the successor to the United Nations Decade of ESD (2005-2014). It is one of the few existing large-scale inter-regional projects aimed at advancing ESD-related policies.
ABOUT ARC5

THEME

The 5th ASEM Rectors’ Conference and Students’ Forum (ARC5) focuses on the theme of “Employability: Asia and Europe Prepare the New Generation”. With increased numbers of unemployed and underemployed youth in Asia and Europe, employability is a core topic for policy makers, educators, researchers, businesses and young people. Students’ opinions on issues like changes in the labour market, skill development and education policy need to be heard and considered by the education, business and government sectors. The participants of ARC5 will discuss how cooperation between universities, businesses and governments can provide students with the necessary skills and competences to better prepare and adapt the new generation for the labour market.

OUTLINE

The ARC5 Students’ Forum includes plenary and working group sessions, as well as skills and knowledge workshops. All sessions and workshops have been designed to stimulate knowledge sharing, problem-solving and consensus-building among the students.

To ensure close linkages between the Rectors’ Conference and the Students’ Forum, 4 University Leaders will attend the Students’ Forum as Mentors. During the Opening Ceremony and the first Plenary Session of the Rectors’ Conference, the Students’ Forum participants are invited to not only learn from highly acknowledged speakers, but also present the Policy Recommendations developed during the ARC5 Students’ Forum. 4 student participants will participate throughout the programme of the 5th ASEM Rectors’ Conference.

EXPECTED OUTCOME

ARC5 is an excellent occasion for solution-oriented government-university-business dialogue and Asia-Europe exchange. It also aims to mobilise the expertise and creativity from the future shapers. Based on focused group discussions, the ARC5 Students’ Forum attendees will jointly develop Policy Recommendations and present them at the 5th ASEM Rectors’ Conference as well as at the 6th ASEM Education Ministers’ Meeting (ASEM ME6). In this way, the Forum makes the students’ voice heard by Asian and European education leaders and policy-makers.

CO-ORGANISED BY

The Asia-Europe Foundation (ASEF) promotes understanding, strengthens relationships and facilitates cooperation among the people, institutions and organisations of Asia and Europe. ASEF enhances dialogue, enables exchanges and encourages collaboration across the thematic areas of culture, economy, education, governance, public health and sustainable development. ASEF is an intergovernmental not-for-profit organisation located in Singapore. Founded in 1997, it is the only institution of the Asia-Europe Meeting (ASEM). Together with about 700 partner organisations ASEF has run more than 650 projects, mainly conferences, seminars and workshops. Over 17,000 Asians and Europeans have actively participated in its activities and it has reached much wider audiences through its networks, web-portals, publications, exhibitions and lectures.
