**INDIA**

**Bhoomi Ka**
Promoting Sustainable Consumption and Production systems for safe and organic foods

Implemented by Welt Hunger Helfe, Bhoomi Ka is aimed at promoting sustainable local food systems that safeguard public and environmental health and promote sustainable smallholder agriculture in India.

**Promote Bamboo MSME Clusters for Sustainable Development**

This grant, implemented by the Foundation for MSME Clusters, promotes sustainable resource consumption and generates green jobs through development of the bamboo products sector in India.

**SWITCHing India’s consumption to Fair and Sustainable Goods**

Fairtrade implements this grant, which educates and engages consumers in urban India on the concept of sustainable consumption, focusing on food and clothing.

**MONGOLIA**

**STeP EcoLab**
Sustainable Textile Production and EcoLabelling

One of two new grants in Mongolia, STeP EcoLab is implemented by AVSF and guides the shift to sustainable textile production and consumption by leveraging the key drivers of sustainable consumption and production.

**Switch Off Air Pollution**
Energy efficiency advisory and financial intermediation for sustainable housing in unplanned areas of Ulaanbaatar

**SWITCH Off Air Pollution** promotes sustainable consumption patterns and behaviours in the individual housing sector of Mongolia through energy efficiency advisory and financial intermediation.

**MYANMAR**

**Tha Bar Wa**
Catalysing Sustainable Water and Energy Management in Food and Beverage Industries in the Ayeyarwady River Basin

The grant implemented by WWF in Myanmar, Tha Bar Wa, promotes cleaner production in the food and beverage industries, contributing to sustainable economic growth in the Ayeyarwady River Basin.

**NEPAL**

**PARYA SAMPADA**
Sustainable Tourism and Green Growth for Heritage Settlements of Kathmandu Valley

PARYA SAMPADA, which is implemented by UN Habitat, promotes sustainable development, reduce poverty and mitigate climate change through promotion of sustainable tourism and green growth in Heritage Settlements of Kathmandu Valley of Nepal.

**Local Harvest**
Promoting Sustainable and Equitable Consumption and Local Food System

This grant, implemented by Hivos, contributes to economic prosperity and poverty reduction in Indonesia by promoting a switch to sustainable consumption and production of green, healthy, fair and local food by consumers and MSMEs.

**MATA KAIL**
Promoting Sustainable Consumption and Production in the Fish Processing Sector

Plan International implements the MATA KAIL grant, which empowers Indonesia’s SMEs and MSMEs through support on environmentally friendly and sustainable fisheries processes, products and services which will promote employment opportunities to marginalized youth, particularly young women.
Systemic and Integrated Approach
Factor in necessary TRANSITION

- **KNOWLEDGE** *(Creation)*
- **INNOVATION** *(Incentives)*
- **PRODUCTS** *(Design)*
- **CONSUMERS** *(Behaviour)*
- **GOVERNANCE** *(Delivery)*
THANK YOU
