### 3. School description (Max. 30 words)

A progressive school which strives to impart world class education and create global citizens who adapt themselves to the ever-changing global society. Students are skilled in all facets of education.

### 4. Summary of the Proposed Online Collaboration (Max. 200 words)

Students collaborate with global peers to describe their life and to show how they live their daily lives. They will also share information on how each day they learn a new lesson both in the classroom as well as outside it. By participating in the project, students will detect similarities and differences in their lives and learn to respect others. Students learn about how each moment, each day, they learn something or the other from people not only in their locality, but also around the world by interacting with school students and teachers from other countries. Students will be encouraged to use their creativity to showcase their learning to the rest of the world. Students will be asked to create multimedia products such as videos, photos and graphic designs to depict their lives and their learning that can be incorporated by others too.
